Els premiats tindran cobert els vols, hotels, àpats i el cost del curs.

El curs descrit a continuació, serà impartit en anglès.

Collaborative schools development, 5-6 October 2017

Many schools struggle with developing a whole school approach to embedding the use of technology in teaching and learning. This workshop is designed for aspiring schools leaders and advanced teachers to:

- explore strategies for whole school development and improvement using technology;
- to understand the main issues for mainstreaming best practice;
- to identify a specific development focus at classroom level and school level; and
- to implement change with peer support.

Participants will be introduced to the 'Framework for Mainstreaming Change' and a series of ten investigations that can be undertaken by teachers within their own schools, with a strong focus on mainstreaming the use of ICT to support whole school development.

El premi per a l'AMPA/AFA guanyadora, serà un lot de Chromebooks per al seu centre educatiu.
